

DCM SHRIRAM LIMITED

Environment, Health and Safety (EHS) Policy

We, at DCM Shriram Ltd. firmly believe that Environment can be maintained in its natural wholesome state and that all industrial operation can be made free of hazards and risks. Therefore, it is our constant endeavor to maintain the highest standards of Environment, Health and Safety (EHS) of our installations and make EHS management an integral part of our business activities.

We are committed to comply with all relevant regulations to ensure our above mentioned objective and intent to continually improve our performance in the areas of EHS through participation and teamwork.

We will strive to conserve all resources to ensure long term sustainability of the environment and minimize the environmental footprint of our operation with due consideration to national and international protocols and business charters relevant to our operations.

We will achieve this implementing suitable technologies and practices in all relevant areas of our operations. We will ensure adherence by all employees to standards of EHS through an appropriate organization structure with clear responsibilities. We will communicate EHS policies/programs, educate/train employees in safe work practices and environment protection measures.

Each site shall announce and review annually its site policy, based on proactive implementation to ensure that we meet our intended objectives through team effort and achieve excellence in our areas of endeavor.
